INTRODUCTION ABOUT MYSELF

I am Usha Nandhini, from Ramanathapuram. I was born and brought-up in Kalayar koil, Sivaganga. I did my schoolings there. Afterthat, I completed my B.E(cse) in Computer Science at Hindusthan college, Coimbatore. Later, I finished my M.E(cse) in Computer Science at PSY college, Sivaganga . I am 2018 passed out and fresher. Afterwards, I got married. My husband is working as Test Manager in an IT sector. I also have a baby boy, he is 10months old now.

My hobbies are playing carom, badminton. I am very much interested in watching science fiction videos and space related videos like black hole etc..I am a classical dancer. Besides, I also watch cooking videos. As well as, I play with my son.

The main reason for choosing this course is to fulfill my career aspiration. After, I completed my post graduation. I got married, life was happy and smooth. But, I felt incomplete in my life without my career. Then, I heard about EdYoda through my friend. I think, this will be make me more confident and also it can help me to recollect java. Therefore, I decide to join EdYoda. So far everything is going great. Learning is interesting and there is lot more to learn. Looking forwards to have a great job to fulfill my dreams.

Thank You
